

### REMARKS

In response to the Election/Restriction Requirement mailed July 16, 2007, Applicants provisionally elect the invention of Group VI and Species B relating to the radiation source, with traverse. Claims 125-133, 138, 140-147, 153-162, 167 and 169 are believed to read on the elected species.

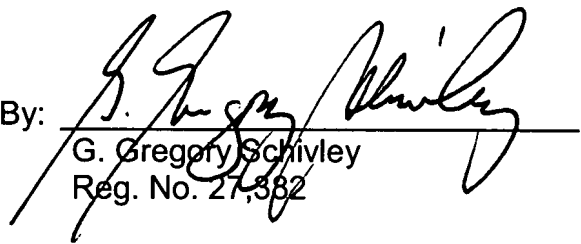

The Examiner is requested to reconsider his Election/Restriction Requirement because all of the claims are drawn to subject matter which is so related to each other that an undue burden would not be placed upon the Examiner by leaving all of the claims in a single application. See, e.g., MPEP § 803.

Favorable consideration of this application is respectfully requested.

Respectfully submitted,
